

Resin Art Party

Host Packet

Portable Resin Art Classes by Resin8 LLC · Instructor: Rhonda Guerrero · Phenix City, AL

1. Welcome & Overview

Thank you for choosing to host a Resin Art Party! These classes are portable — Rhonda brings all materials, tools, PPE, and supplies directly to your location.

This packet outlines host responsibilities, space requirements, safety guidelines, what the instructor provides, what participants should expect, and the host agreement.

Goal: A smooth, safe, and fun creative experience for everyone. Please read through this packet carefully before your event.

2. Host Responsibilities

A. PROVIDE A WELL-VENTILATED LOCATION

Even though we use ArtResin — VOC-free, non-toxic, and certified safe for indoor use — the host must provide:

- A well-ventilated room with open windows, fans, or a large open space
- A location free of strong odors, smoke, or poor airflow

B. PROVIDE ADEQUATE WORKSPACE

- A table or counter large enough to accommodate all participants
- Seating for each participant
- Access to at least one electrical outlet for heat tools
- A nearby trash can

C. KEEP THE AREA CLEAR DURING THE CLASS

- **The workspace must be completely child-free during the class.** Small children must not be present in the workspace area at any time.
- No pets in the workspace

- No food or drinks on the resin table

Important: Per our Cancellation & Refund Policy, if the workspace is not child-free or pet-free upon arrival, the event may be canceled with no refund. See resin8llc.com for full policy details.

D. PARKING & ACCESS

- Ensure the instructor can unload materials close to the entrance
- Keep the path to the workspace clear

3. What the Instructor Provides

Rhonda will bring everything needed for the class, including:

- ArtResin (VOC-free, indoor-safe epoxy), all pigments, mica powders, foils, and inclusions
- Silicone mats, protective coverings, and cleanup supplies
- Nitrile gloves, safety glasses, and optional masks
- Heat gun, mixing cups, stir sticks, molds, and all project materials

Nothing to buy. Hosts and participants do not need to purchase or provide any materials.

4. Participant Safety Guidelines

PERSONAL PROTECTIVE EQUIPMENT (PROVIDED)

- **Nitrile gloves & safety glasses** — required for all participants
- **Masks** — optional; available for anyone who prefers one

GENERAL SAFETY

- Do not touch uncured resin; follow all instructor directions at all times
- Notify the instructor immediately if you feel any discomfort
- Keep resin away from clothing and hair

Even though ArtResin is VOC-free, we maintain airflow throughout the class for comfort and best practice.

5. Class Flow

STEP	DURATION	DETAILS
Setup	15-20 min	Instructor arrives early to prepare the workspace
Safety Briefing	5 min	Covers PPE, ventilation requirements, and resin handling
Demonstration	10 min	Instructor shows mixing, pouring, and design techniques
Participant Pouring	45-60 min	Everyone creates their own project
Curing & Pickup	Several hours	Pieces left with host, instructor returns next day, or direct pickup arranged

6. Host Agreement

Resin Art Party – Host Agreement

By signing below, I acknowledge that I have read this Host Packet in full and agree to the following:

1. I understand that the instructor uses ArtResin, a VOC-free, non-toxic epoxy resin certified safe for indoor use.
2. I agree to provide a well-ventilated location, including open windows or fans.
3. I agree to provide adequate table space, seating for all participants, and access to at least one electrical outlet.
4. **I will ensure the workspace is completely child-free and pet-free during the entire class.**
5. I understand participants must wear gloves and safety glasses at all times; masks are available on request.
6. I acknowledge that resin work involves heat tools and chemicals, and I will support a safe environment.
7. I understand the **Resin Art Party Cancellation & Refund Policy** (at resin8llc.com) applies, including that my deposit is non-refundable.
8. I release the instructor (Rhonda Guerrero) and Resin8 LLC from liability for accidents resulting from failure to follow the safety guidelines or host responsibilities in this packet.
